

Online Health and Safety Course for Students

Winter Semester 2026/2027

Course availability: 5 October - 2 November 2026

The Health and Safety course is mandatory for all students at the Warsaw University of Technology. The training takes place via the LeON WUT platform and concludes with a mandatory test.

Who Is Required to Complete the Training

The requirement applies to all students starting the first year of a first-cycle, second-cycle or long-cycle Master's degree programme.

Legal basis:

[Order No. 22/2024 of the Rector of Warsaw University of Technology dated 22 April 2024](#)

What the Training Involves

Each participant must log in to the LeON WUT platform independently while the course is available. The training includes information materials and a mandatory test.

Course Enrolment

1. First-year students in first-cycle, second-cycle and long-cycle Master's degree programmes are automatically enrolled in the online course based on the data in the USOS system.
2. Students who did not pass the online Health and Safety course by the specified deadline should contact their faculty's dean's office. The dean's office should send the list of these students to Ms. Justyna Skowron-Anders of the USOS System Section at: justyna.skowron@pw.edu.pl or to the Occupational Health and Safety Inspectorate at: bhp.student@pw.edu.pl

How to Log In to the LeON Platform

Complete the following steps while the course is available:

1. Go to the LeON WUT platform at: leon.pw.edu.pl.
2. In the upper-right corner, select "Log in", then click "Log in to the platform".
3. Use the same username and password as for USOSweb.
4. In the username field, enter your PESEL number or the email address provided during admission. If you do not have a PESEL number, use the identifier issued by your faculty's dean's office.
5. Enter your USOSweb password. If you are logging in to USOSweb for the first time, use the password from the WUT Admissions system.
6. Select the appropriate course version:
 - Health and Safety Training 1834-00000-00A-0001

Password Problems

If you have forgotten your password, try to recover it using the [password reset form](#). If the system does not contain the information needed to recover your password or the procedure is unsuccessful, contact your faculty's dean's office.
